"I first came across The Country Victualler about 15 years ago when I enjoyed some exceptional ham at the home of a friend. Since then I have become a HUGE fan. As far as I am concerned Alderton Ham (baked with Marmalade) is the best ham in Britain bar none. We always have it at Christmas and at Easter. This year Covid scuppered our family plans, but last week when I heard that at long last my sister and her husband were able to visit us I knew that this was a perfect moment for THE ham of hams. As always, I bought a few other things that The Country Victualler supplies - delicious meaty treats! (their gourmet Scotch Eggs are wonderful). In the words of an old advertising slogan - when it comes to Ham, buy the best and forget the rest."

"Received our pies in great packaging! Pies were in excellent condition in individual bubble wrap and frozen water blocks. My chicken and mushroom pie was almost bursting with chunks of chicken, quite delicious. My coeliac husband's gluten free pie of chicken, leek and pancetta was quite rustic looking, but he declared it to be amongst the best he's tasted. Can't wait to try another flavour. Excellent purchase" Janet Surman

VICTUALLER HONEY

We have teamed up with two local beekeepers, Matt & Mark and have our own hives to produce our own honey. Bees are a vital part of the ecosystem and we are dedicated to help reduce the slow decline of bees.

See index P40 for products & details

At the Country Victualler, we never mix our honey so each harvest is small and totally unique in taste and texture. This reflects the changing flora through the spring and summer months. All our raw honey is cold extracted and simply filtered. Honey must never be given to children under 12 months of age.
